## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites the limitation "the skin", "the automobile engine", "said steering wheel cover", "the electrical current" and "the engine". There is insufficient antecedent basis for this limitation in the claim.

### ***Allowable Subject Matter***

3. Claims 1-3 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. U.S. Patent Publication 20030093187 to Walker discloses some features in common with the present invention.
